## 19HDTV-RM

### Rack Mount HDTV

**Rack Mount 19" Diagonal Wide  
Screen Integrated Digital LCD HDTV**

**Features:**

- Custom 19" Rack Mount Chassis
- Integrated ATSC Tuner, QAM Tuner, and NTSC Tuner
- Inputs: 2 Component  
1 VGA  
1 Composite  
1 S-Video
- 900P Resolution

**Wide Screen 16:9 Aspect Ratio Flat Picture**

The 16:9 ratio Wide-Screen gives the viewer a full picture of movies and broadcasts, rather than a normally cropped picture in the 4:3 ratio. The 16 by 9 format means that you can watch movies the way you would watch them in the theater while the true flat screen reduces reflections from room lights and windows for outstanding clarity and quality images from corner to corner.

**Digital 3DY/C Comb Filter**

Provides high resolution and picture sharpness while eliminating 'dot crawl.' Also offers sharper, clearer, more detail-perfect color picture reproduction.

**Component Video Input (Y-Pb-Pr / R-L)**

Component video inputs (green-blue-red) take advantage of DVD players and other devices with component video outputs. Video signal is divided into three separate elements; red (Pr), blue (Pb) and luminance or image brightness (Y) with dedicated Audio (R/L) jacks. Superior to both composite and S-video because it delivers a quality picture with greater resolution, better color accuracy, and less color bleeding.

**Technical Specifications:**

Picture Resolution: 1440 x 900 (WXGA+)

All signal inputs scalar converted to 900p display

Picture Brightness: 300 cd/m<sup>2</sup>

Picture Contrast: 850:1

Response Time: 5 ms

Television System: NTSC, ATSC & Clear QAM

Antenna Input: Analog / Digital 75 ohm

Audio Video Input Jacks: 2 Component, 1 PC-VGA, 1 S-Video, 1-Composite Video, 3-(R/L) Audio

Speakers: Two (front) 5 x 9 cm

Sound Amplifier: Built-in 2 W/ch

Power Requirement: 120v AC, 60hz

Power Consumption: 50 watts

Size (W x H x D): 18.9" x 15.1" x 8.2"

Weight: 11.4 lbs
