RHINO 6000

All-Purpose Labeling Tool with QWERTY Keyboard

Introducing the labeling tool that gets it done fast

The new RHINO 6000 is an ideal labeling tool for datacomm, professional Audio/Video, security and electrical systems, as well as all types of labeling throughout commercial buildings, factories, warehouses, and even homes.

The RHINO 6000 Label Printer is the first printer in the RHINO product family to offer PC connectivity. The installer can either create labels before reaching the worksite by downloading files from any Windows-based software program or they can create or edit labels while when they reach the worksite.

Rhino 6000 Features:

[1] **Intuitive Graphical Interface** - Create, edit and preview multiple labels on our largest backlit LCD

[2] **One-Touch, Power-Assisted Cutter** - Eliminate the fatigue of manual cutting and increase efficiency

[3] **Hot Keys** - Eliminate guesswork, complicated menus and enjoy fast and easy formatting of commonly-used label types

[4] **Symbols** - Over 100 pre-programmed industry symbols

[5] **Save Your Labels** - Customize over 1,000 labels with logos and symbols and recall them instantly

[6] **Quick-Charge Li-Ion** - Rechargeable Battery with on-screen battery life indicator

[7] **Library** - Over 150 pre-programmed industry terms and the ability to customize your own library of terms

[8] **Powerful Serialization** - Built-in wizards for simple and advanced serialization

[9] **Integrated Impact Bumpers** - Protects against harsh conditions while allowing easy access to label cartridge

PC Connectivity

Free Windows® driver available at www.rhinolabeling.com for printing from any Windows® program via USB interface.

Upgrade printer firmware when new features become available.

Works best with RHINO CONNECT™ Software*(not included) to:
– Upload/download label files for in-the-field and on-demand printing.
– Insert customized graphics, logos, symbols and industry terms.

– Import data from any Windows® based program.
– Create labels using the integrated step-by-step wizard.
– Print labels directly from RHINO CONNECT™ Software.
