

Shore Line Cable

Bright Yellow Shore Line Cable for TV Signals Pedestal to the TV Connection on an RV or Boat

These bright yellow RG6 coax cables are ideal for connecting to an RV to the TV service in an RV park or Campground, they are even good on the dock to connect your boat.

The bright yellow color helps you to see them when packing up the RV so you don't forget them and helps prevent damage.

Features:

- Digital Ready
- 25' or 50' Lengths
- Compression F Connectors for Digital Signals
- 60% Braid for Good Shielding
- High Performance 3 GHz Frequency Range for Satellite Signals
