

TRR Series Heavy Duty Relay Rack

Toner introduces their TRR Series relay rack, made of 12 gauge, cold rolled steel. By utilizing heavier steel and larger bracing, we have minimized the "sway" associated with relay racks. Each rack is shipped knocked down in two cartons to minimize shipping cost. The racks are finished with a satin black paint to match today's equipment.

-FEATURES-

- Choose from:
 - 72" - TRR-72
 - 84" - TRR-84
- 68 ¹/₄" Rack Space (39 RU)
- 80 ¹/₄" Rack Space (45 RU)
- Satin Black Finish
