

Storm Proof Apartment House Cabinets

We recently upgraded the design of our SP series cabinets to incorporate a 16 gauge galvanized steel backboard. The backboard has equipment mounting holes on 1/2" spacing for easy mounting of passives meeting the SCTE standard. The cabinets also come with a vending machine type lock for security.

Features:

- 4 Standard Sizes, 2 Depths
- Drip Shield for Rain Protection
- 16 Gauge Galvaneal Steel
- Vending Machine Type Lock (TCE-1)
- Spot Welded for Strength
- Knockouts for Cable Entry
- 16 Gauge Galvanized Steel Backboard
- Uses Standard #8 Sheetmetal Screws to Mount Equipment
- 0.128" Diameter Equipment Mounting Holes on 1/2" Spacing (Meets SCTE Standard)
- Mounting Screws Available in Bags of 100
