Toner
cable equipment, inc.
969 Horsham Road
Horsham, Pennsylvania 19044 USA

Features

- 1" Square Diecast Housing
- Machined F Connectors
- Mounting Tab
- 100 dB RFI Shielding
- 5-1000 MHz Bandwidth
- 5 Values - 3, 6, 9, 12, and 16 dB
- 22 dB Return Loss
- 75 Ohm Impedance

Toner introduces their In Line Equalizers. The XEQ-900-* equalizers are available in five values: 3, 6, 9, 12, and 16 dB. The XEQ-900-* will help to compensate for excessive slope in RG cables. Built in a small zinc diecast housing with machined F connectors.
