Headend Accessories

Multiple Outlet Power Strips

These outlet strips will assist you with the power distribution in your headend.

Model	# Outlets	Length	Power Cord	Switch	Circuit Breaker
OB112	6	12 ¼"	6'	Yes	15A
OB160-20	20	60"	6'	Yes	

Blank Panels

Standard 19" Width, ARP Series, 11 Gauge Aluminum, Black Powder Coat Finish

Model	Size
ARP-119-571	1-3/4" (1RU)
ARP-319-571	3-1/2" (2RU)
ARP-519-571	5-1/4" (3RU)
ARP-719-571	7" (4RU)

Larger sizes and colors are available.

HW Series Rack Screw

- Black Truss Head Philips Rack Screws 10-32 x 3/4"
- Pre-Installed Black Nylon Washer to Protect Equipment
- Self Guiding Pilot Point for Ease of Installation

Model HW-100 Bag of 100 Screws
**Model HW-500** Jar of 500 Screws

Equipment Support Bracket

Used to support long or heavy equipment in racks and cabinets.

Model ESB-175 and ESB-350
- Mounted on Rear Panel Mounting Angle
- Two Sizes Available 1 3/4" and 3 1/2" High Equipment

Header Accessories

LBP-1A
LBP-2A
LBP-4A
LBP-6A
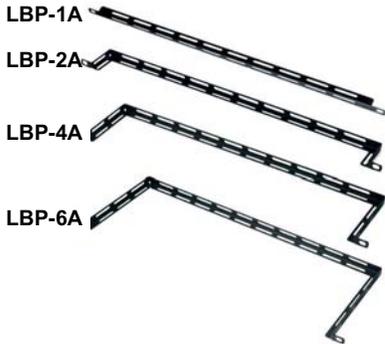

Lacer Bars (Horizontal)
19" black powder coated L shaped steel bars for cable management.

Model	Size
LBP-1A	Straight
LBP-2A	2" Offset
LBP-4A	4" Offset
LBP-6A	6" Offset

UD Series Drawers
Fully enclosed design, rackmountable utility drawers available in 2, 3 and 4 space. Features include face mounted drawer pull, black powder coat finish, and 50 lb. weight capacity.

Model	Size	
UD2	15-15/16" W x 14-1/2" D	3-1/2" (2 space)
UD3	15-15/16" W x 14-1/2" D	5-1/4" (3 space)
UD4	15-15/16" W x 14-1/2" D	7" (4 space)

UQFP-4D Ultra Quiet Fan Panel, 4 Fans
• 100 CFM cooling capacity
• Digital processor varies fan speed based on equipmenttemperature for ultra quiet operation
• Front panel rack temperature and alert display provides instant system status
• Onboard digital processor monitors rack temperature via external sensor
• Local and remote notification of over temperature and fan fault to control system
• Available in 110V and 220V versions

PD-1020C-NS

PD-1415C

PD-915RV-RN Rackmount Power
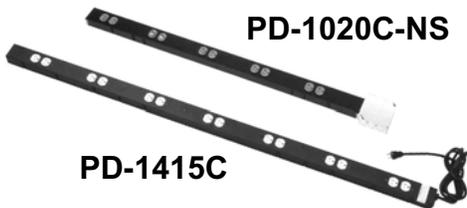

• 2 stage surge suppression protects against damage from power surges and spikes
• Provides notification when surge protection is compromised via local LEDs and dry contact
• 9 vertically oriented and circuit-breaker protected 15 amp outlets, 8 rear and 1 front, spaced for plug-in power supplies
• 3 USB style output ports for connection of LED gooseneck work lights, 2 rear and 1 front
• Maximum load of 15 amps
