

Cat 5e+ Keystone Jacks & Multimedia Modules

Category 5e+ Component Level Keystone Jacks

Category 5e+ Component Level Keystone Jacks exceed component, permanent link and channel level requirements as defined in TIA/EIA-568-B.2 and are fully tested to 155 MHz and provide a sound platform for supporting all today's network operating systems including Gigabit Ethernet. These jacks install easily with insulation displacement technology (IDC) to provide a gas-tight wire-to-connector interface.

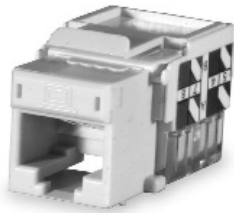

Category 5e+ jacks can be terminated with industry standard 110 or Krone termination tools and feature color-coding for both T568A and T568B wiring. Jacks feature the ability to mount either color-coded icon tabs for service identification or dust covers to protect unused jacks from dust and other contaminants. Jacks are available in eight colors and are supplied with three color-matched icon tabs and dust covers for voice or data identification.

Category 5e+ Component Level Keystone Jacks

PART NO.	DESCRIPTION
KJ458-C5E	Category 5e+ Keystone Jack, T568A/B Wiring, Light Ivory
KJ458-C5E-BK	Category 5e+ Keystone Jack, T568A/B Wiring, Black
KJ458-C5E-BU	Category 5e+ Keystone Jack, T568A/B Wiring, Blue
KJ458-C5E-GN	Category 5e+ Keystone Jack, T568A/B Wiring, Green
KJ458-C5E-OR	Category 5e+ Keystone Jack, T568A/B Wiring, Orange
KJ458-C5E-RD	Category 5e+ Keystone Jack, T568A/B Wiring, Red
KJ458-C5E-WH	Category 5e+ Keystone Jack, T568A/B Wiring, White
KJ458-C5E-YE	Category 5e+ Keystone Jack, T568A/B Wiring, Yellow

Category 5e+ Component Level Shielded Keystone Jacks

PART NO.	DESCRIPTION
KJS458-C5E	Category 5e+ Shielded Keystone Jack, T568A/B Wiring

KJS458-C5E

Category 5e+ Feed-Thru Coupler

PART NO.	DESCRIPTION
KRJ45/5S	Category 5e+ Panel Mount Feed-Thru Coupler, Black
KRJ45/5SS-SH	Category 5e+ Shielded Panel Mount Feed-Thru Coupler

Signamax CAT-5e Jacks & Modules

Keystone Multimedia Modules

Signamax Connectivity Systems offers a wide range of keystone connector modules designed to create a customized multimedia solution in any single or double gang faceplate or surface mount box. Applications include high end audio/video systems, satellite systems, CTV, CCTV, DVD, and VCR, for home, classroom and office environments. Fiber optic systems are supported with ST, SC and small form-factor connectors -- LC and MT-RJ.

Keystone Blank Modules

Blank Modules cover up unused port openings on all Signamax keystone faceplates and surface mount boxes. Blank Modules are sold in packages of 10.

PART NO.	DESCRIPTION
CMK-BL	Blank Keystone Module

Standard color is Light Ivory. For White add -WH to P/N.

CMK-BL

F-Type Connector Modules

F-Type feed-thru modules are compatible with all Signamax keystone faceplates and surface mount boxes. Connectors are 75 ohm and rated for 1 GHz performance.

PART NO.	DESCRIPTION
CMK-F	F-Type Keystone Connector Module

Standard color is Light Ivory. For White add -WH to P/N.

CMK-F

BNC Connector Module

BNC Modules are compatible with all Signamax keystone faceplates and surface mount boxes. The BNC modules provide one feed-thru connection.

PART NO.	DESCRIPTION
CMK-BNC	BNC Keystone Connector Module

Standard color is Light Ivory. For White add -WH to P/N.

CMK-BNC

RCA-110 Connector Module

The RCA to 110 modules enable transmission of audio/video signals over Category 5, 5e or 6 UTP cabling and features 110 type (DC terminators on rear for quick, easy installation. RCA modules are offered in three colors to indicate media type; Red-Right Audio, White - Left Audio and Yellow - Video.

PART NO.	DESCRIPTION
CMK-110RCAW	RCA White Stripe to 110 Connector Module
CMK-110RCAR	RCA Red Stripe to 110 Connector Module
CMK-110RCAY	RCA Yellow Stripe to 110 Connector Module

Standard color is Light Ivory. For White add -WH to P/N.
